

Provincial Accommodation and Recreation Company of Granma (Alyrec) has 24 facilities between Accommodation Houses, Villas and Hotels, located in cities and natural environments designed with a varied offer of gastronomic and accommodation services that harmonize with the environment where they are located.

We market the available capacities and day trips through our company's Reservation Bureau and the facilities' check-ins in order to satisfy the existing offers for each season of the year.

We are known for being leaders in the provision of services, being a special place for lovers of comfort, culinary culture and a pleasant environment. We have a staff specialized in customer service with a high level of commitment and eager to provide a quality service.
